

Do you want the benefits of an improved safety program?

As a Washington Health System Occupational Medicine customer, you can receive a free onsite safety evaluation (\$600.00 Value).

Schedule your complimentary evaluation today!

E-mail: Safety@strataworldwide.com

Call: (412) - 519 - 5521

Additional Information

Some of the direct benefits of an improved safety program are a reduction in injuries and injury-related costs, compliance with regulatory agencies, reduced worker's compensation payments, reduced legal payments, and increased production.

Some of the indirect benefits of an improved safety program are an increase in employee morale, not having to train replacement employees, reducing time spent on incident investigations, reduced absenteeism, and reduced unnecessary equipment repairs.

Schedule your evaluation today by using the contact information listed above.
